

INCREASE TURNOVER AND GAIN CUSTOMER LOYALTY

At the point of sales – with the Gottlieb NESTLE company!

A POS rack displaying a product portfolio “survey and laser”, as shown in the image, guarantees perfect sales support for the respective target groups.

The product portfolio can be arranged individually to meet your demands!

version 2m

Each POS display rack also features product brochures with descriptions for all items contained in the rack. This allows for providing customers with detailed information on any device – directly in your sales rooms.

The goods in the POS display are placed at your disposal with a six months term of payment.

Over this period of time- please convince yourself of your customers’ positive reception and increase sales with this product range – together with the Gottlieb Nestle company.

Please rely upon the support and advice by your NESTLE sales consultant to compile the ideal product portfolio for your POS display rack.

version 1m

THESE REASONS SPEAK FOR THEMSELVES:

- Whatever is the measurement task – measure with the best!
- Increase turnover in a steady industry sector
- Professional product line- up at your point of sales
- Support your sales staff with detailed product brochures – placed directly at the POS display rack
- The product brochures also inform your customers perfectly.
- Secure yourself best conditions with a shared performance in your sales rooms!
- No risk: Order the POS equipment with a 6 months term of payment
- Your NESTLE sales consultant will support you in all respects
